

Geometry 2026-2027

Instructor Karla Bean

Place: Toledo First Baptist Church

Time: Tuesdays 9:30-11:00

Credit: 1.0 credit (2 semesters)

Early Bird Registration by **July 15th**

General

This fall, Karla is offering Geometry, a weekly class on Tuesday mornings. Timeframe is slotted to occur before Tuesday science with a lunch break in between classes.

Class will cover 3 sections a week. This will complete the text in a year. **Major Concepts** will be covered together in class; students will review lessons and complete & correct the required homework, at home, during the week.

This class meets only once a week. Students (with parent/family help) will need to cover topics more thoroughly, at home, during daily homework.

Homework is corrected at home. Quizzes & some Chapter Tests are given/monitored at home.

(Note: Text is well set up for this -- just be prepared to cover some topics, on your own, during at-home studies)

Specifics

Class: Geometry (1 credit)

Text: Geometry (Univ of Chicago School Mathematics Project)

Tuition: Tuition \$45/month (Sept- May)

Registration: \$45 (early-bird post-marked by July 15th)

\$75 (regular fee postmarked July 16th – Aug 15th)

Supply Fee: \$95 (includes **Textbook** / **Calculator** / Binder / in-class manipulatives, etc.)

Day: Tuesdays 9:30-11:00 (then lunch time before science class)

Homework: Math, like music, should be done daily, even if some HW days are necessarily shorter.

Plan for math 5 days/week. Student will self-correct lessons. Then text HW & Quiz pix to Kbean.
